Designed by Architects in the 1980s

Juli Capella, Quim Larrea

Designed by Architects in the 1980s Juli Capella, Quim Larrea

An international selection of over 400 objects such as tableware, furniture jewellery and light fixtures designed by more than 50 leading architects. The book provides a cross-section of original ideas to be found in the best of modern design and aims to show the powerful influence that architects continue to have on industrial and furniture design. Furniture and lighting by Norman Foster, tableware by Sottsass, Robert Stern and Venturi, jewellery by Arata Isogaki and Stern, furniture by Ambasz, Mario Botta, Michael Graves and Richard Meier are some of the artefacts included in this study. The architects, Juli Capella and Quim Larrea are editors of the magazine "De Diseno" and are on the board of the architectural magazine "El Croquis" published in Madrid.
